Since 1905, *Maison Vervloet* is a master-creator of high-end, unique handcrafted hardware such as door, window and furniture handles, home objects and any other precious brass or bronze accessory that put the final touch to your interior.

Collection Ballet designed by *Stijn D'hondt* and inspired by ballet dance. For *Stijn D'hondt* Ballet is a field of tension between discipline and frivolity. This was translated into a design where dynamic is the multiplication of the straight lines and the characteristic curve. A feeling that is visibly present and sensible in the hand.
